## REPAIR &amp; PROTECTION PRODUCTS

## BELZONA® 2100 SERIES PRODUCTS

Cold curing, quick curing elastomers for repairing and surfacing rubber components such as pumps, impellers, rubber tank linings, cutlass bearings, etc . . . Carry ABS approval. Will bond to natural and synthetic rubber as well as to metals, masonry, wood, fabric, and many other substrates. Resistant to tearing, abrasion and many chemicals. Available as a hi-build paste, a coating, or a pourable, casting grade. Includes applicators, spatulas, mixing bowls, Instructions for Use, and Material Safety Data Sheets.

Pack Sizes: Belzona 2111 (D&A Hi-Build Elastomer) - 4 x 500 g. or 12 x 500 g.  
 Belzona 2121 (Hi-Coat Elastomer) - 4 x 500 g. or 12 x 500 g.  
 Belzona 2131 (D&A Fluid Elastomer) - 4 x 500 g. or 12 x 500 g.

## BELZONA 2200 SERIES PRODUCTS

Multi-purpose elastomers with high elongation and flexibility used for all general repair, where flexibility is required, on such equipment as expansion bellows, seals, gaskets, expansion pieces, electrical pieces, electrical insulation, damaged cable glands etc.

Pack Sizes: Belzona 2211 (MP Hi-Build Elastomer) - 6 x 550 g. or 12 x 550 g.  
 Belzona 2221 (MP Fluid Elastomer) - 5 x 750 g. or 10 x 750 g.

## ACCESSORIES FOR BELZONA 1000 AND 2000 SERIES PRODUCTS

Belzona 2911 (QD Conditioner)  
 Belzona 9111 (Cleaner/Degreaser)  
 Belzona 9341 (Reinforcement Tape)  
 Belzona 9411 (Release Agent)

Pack Size:  
 1 x 150 g.  
 1 x 3.78 liters  
 1 x 10 meters  
 1 x 100 g.

## BELZONA 3111 (FLEXIBLE MEMBRANE)

For weatherproofing problem areas on all types of bulkheads, portholes, windows, joints and seams. Includes Instructions for Use and Material Safety Data Sheets.

Pack Size: 1 x 15 liters (Available in light gray or white)

## BELZONA 3211 (LAGSEAL)

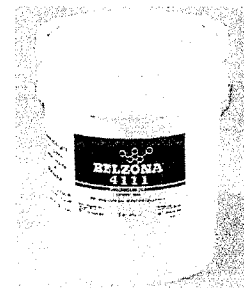

Provides seamless, flexible sealing, fire and impact protection for all types of thermal insulation. Oil and water resistant. Class "A" fire rating in accordance with ASTM E84. Includes applicators, spatulas, mixing boards, Instructions for Use and Material Safety Data Sheets. Pack Size: 1 x 16 kg.

## ACCESSORIES FOR BELZONA 3000 SERIES PRODUCTS

Belzona 9311 (Reinforcing Sheet for Belzona 3111)  
 Belzona 9321 (Reinforcing Sheet for Belzona 3211)  
 Belzona 3921 (Conditioner for all non-porous surfaces)  
 Belzona 3911 (Conditioner for porous surfaces)  
 Belzona 3912 (Water-based conditioner for porous surfaces)

BELZONA 4111  
(MAGMA-QUARTZ)

For rebuilding, protecting and resurfacing concrete or decking damaged by chemical attack, abrasion and impact. Non-slumping characteristics allows for application on vertical surfaces. Can be applied at freezing temperatures or to damp surfaces. For grouting, leveling and chocking machinery and equipment. Includes surface conditioner, spatulas, Instructions for Use and Material Safety Data Sheets. Pack Size: 1 x 15 kg.
