

TUFLOC®

For A Tough World

Gun Racks • Lockers • Organizers • Locks

VEHICLE RACKS

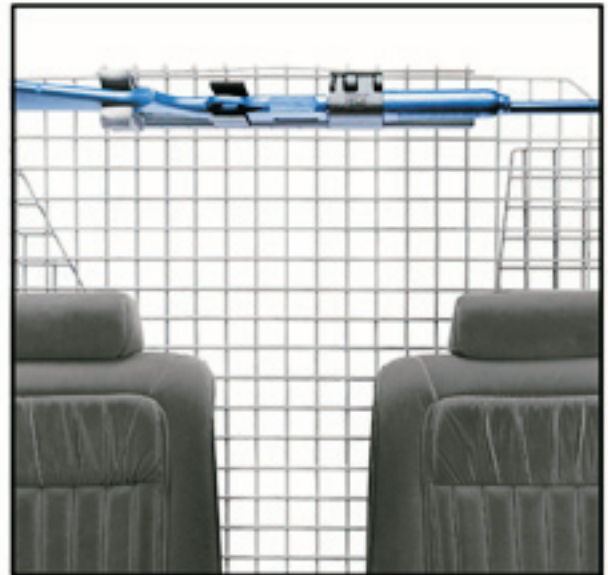

Tufloc offers the widest range of **Vehicle Gun Racks** available. For maximum safety and security, each rack is designed for the exact make/model of gun; we do not sell a “one-size-fits-all” gun rack. The high-strength steel racks are powder-coated and are padded for gun protection and rattle-free performance.

Featuring the Tufloc Electro-Mechanical Lockhead - The dual-release lock securely holds the gun in place. The gun can instantly be accessed using the electronic delay timer (photo, far right) or with the use of a key.

Racks are shown securing a shotgun.
Tufloc racks are available for ALL gun types.

TUFBOX SECURITY DRAWERS

TufBox locking drawer systems provide a way to safely secure guns, store equipment and organize belongings. Manufactured with heavy-duty steel, the TufBox is built to withstand the everyday demands that are expected of all Tufloc products. **Available for all SUV s and cruisers.**

The **Mini TufBox** stores handguns and other valuables. This locking unit mounts under the seat or in the trunk of vehicles. It can also be used in homes and can be mounted under desks.

Accessories

Motion-Activated Light

Motion-activated, battery-operated, LED light illuminates the TufBox interior.

Interior Foam (not shown)

Thick, 2" foam is easily cut for a customized fit for guns and other items stored in the TufBox.

Drawer Dividers (not shown)

The Divider Kit makes it easy to customize the TufBox interior to fit your needs. The adjustable system can be removed and is repositionable.

Exterior Protective Rubber Mat (not shown)

Heavy-duty rubber mat will protect the top of the TufBox.

Raised Lip

The 3" raised lip surrounds the TufBox on three sides, keeping items in place.

TufBox Base

When additional clearance is needed, this adjustable base will allow the TufBox to be raised off the vehicle's floor in three positions ranging from 6" to 11-1/2". The base allows the drawer to clear the rear gate lip and will allow access to the spare tire.

MULTI-GUN STORAGE

QuadRack – Four Guns, One Rack

Secured with Tufloc proprietary locking systems featuring Medeco® cylinders, Quad Rack and Single Rack units provide central and visible access to your guns. These racks are constructed of heavy-gauge, powder coated steel and are designed to fit the exact gun make and model.

TUFLOC®

HIGH SECURITY LOCKS

Tufloc Locks features a unique design that eliminates the weak points of the traditional padlock, the shackle and hasp. This is why professionals in business, industry, US Military and government specify Tufloc when they want high-security, cost-effective locks. In addition to providing superb protection, the Tufloc Lock mounts to fit inward, outward, double-swinging, sliding and roll-up doors. Tufloc can even accommodate misaligned doors.

Criminal Resistant Design

- Feature Medeco high-security cylinders
- Five-pin tumbler with pick resistant core
- Spin-free carbide rod in bolt resists sawing
- Special pins in cylinder face resist drill and saw attacks
- Angle-cut key deters duplication
- Recessed carriage bolt holes deter tampering

Easy to Operate

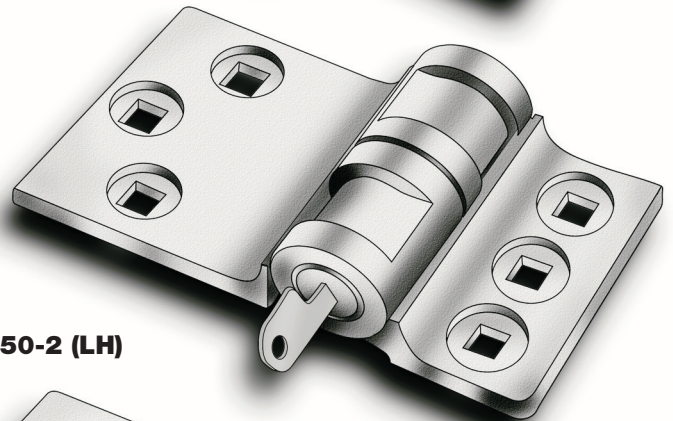

- A simple twist of the key releases the central bolt and unlocks the Tufloc Lock
- Cannot accidentally lock
- Keyed cylinders can be replaced
- Key can be removed in the locked or unlocked position
- Different keying options available: Keyed Alike, Keyed Differently, Master Keyed
